Defining Requirements, Addressing Gaps, Creating Opportunities

Covid-19 Health and Safety Protocols, Gaylord National Harbor and TechConnect

- Gaylord Properties “Commitment to Clean” Action Plan:

<https://gaylordhotelsclean.marriott.com/>

- Gaylord National Harbor, MD, reopens 1 July. Currently, Prince George’s County guidelines allow for 50% capacity for indoor venues with session room chairs spaced 3 ft or 6 ft apart. Hand sanitizing stations and complimentary masks will be available to all property guests.
- Our goal at TechConnect is to create a safe experience for our community. As we all have been getting by through engaging in virtual experiences, there is no replacement for in-person connections. We understand there may be hesitancy to attend, but know that our organization and our facilities will be placing the right procedures in place to protect our attendees and exhibitors.
