

Bio: Dave Salwen, dave@runsafesecurity.com

Dave leads RunSafe's Federal go-to-market efforts. He has deep expertise with both rapid technology development and selling to the Federal sector. Immediately prior to joining RunSafe, Dave led the business development function for the \$500M contract R&D area of Raytheon Space and Airborne Systems. Prior to Raytheon, he was a P&L manager at Leidos (then called SAIC), serving as Deputy Operations Manager for the Advanced Technology area and Division Manager for Electronic Warfare.
