

Bio: Tim Allen | Strategic Account Executive, Federal and Industrial

Tim Allen joined Tripwire in the fall of 2018 as a member of a newly formed team focused on cybersecurity in the industrial sector. In 2020, he moved to Tripwire's federal account team to engage with key civilian and defense agencies. He has over 25 years of experience in sales and support of industrial automation control systems in a wide array of industries including public utilities, automotive, mining, oil & gas, food and beverage, and many others. He has worked to advance the safety, operational performance, and security of critical process control and discrete automation infrastructure at the customers he serves.
